STATISTICAL REPORTS 2025

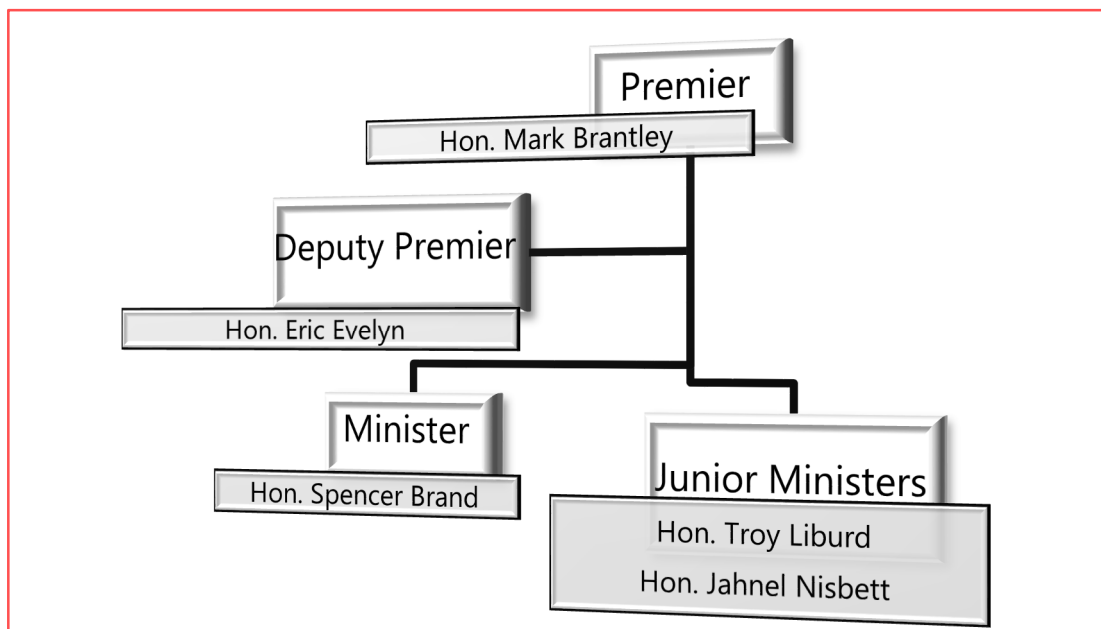

STRUCTURE of Nevis Island Administration

Modelled on the Westminster system, with the Constitution as the supreme law, the Federation of St. Christopher and Nevis has a democratically elected government and a unicameral Parliament. The Constitution of Saint Christopher and Nevis, which came into effect upon Independence in 1983, provides for a degree of autonomy for the island of Nevis through the establishment of the Nevis Island Administration.

Nevis is divided into five (5) single-member constituencies, from which representatives are elected to serve in the Nevis Island Assembly. The Assembly comprises elected representatives and nominated members who serve in accordance with the provisions of the Constitution.

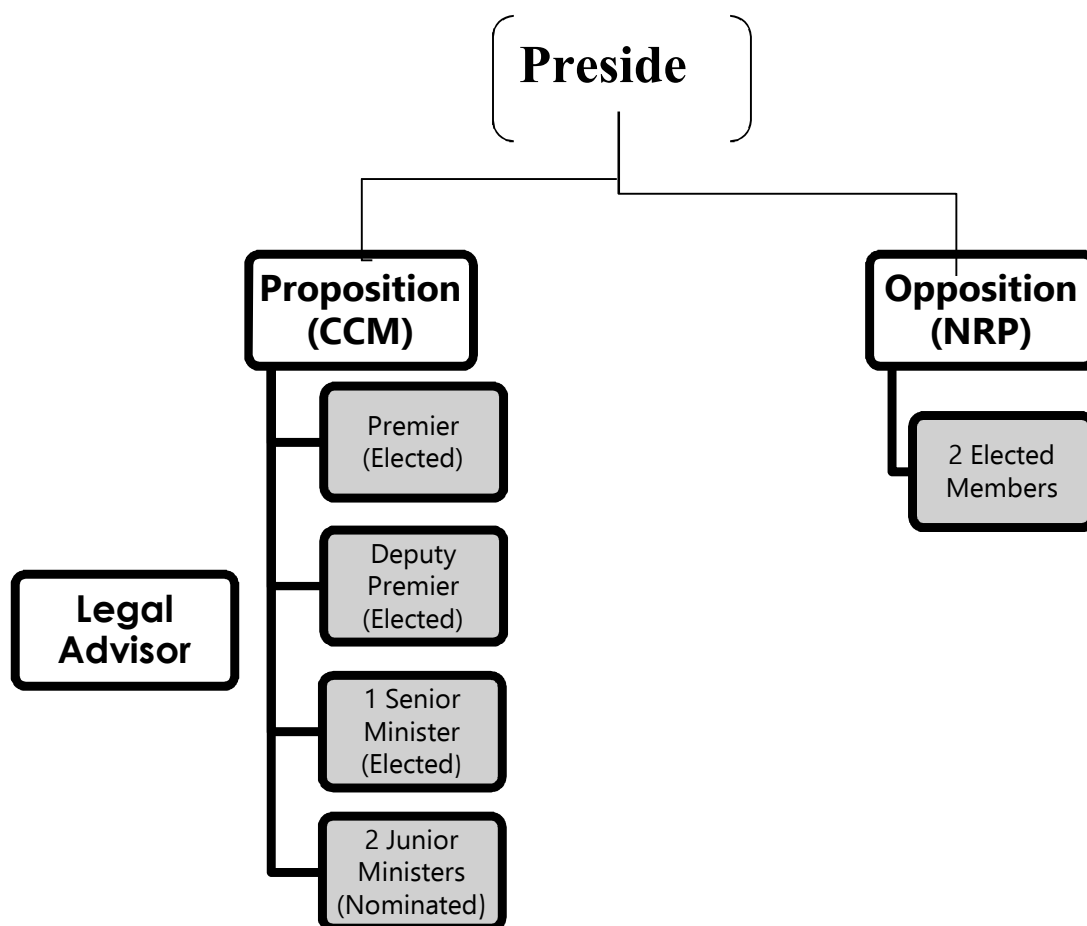

As a constitutional monarchy within the Commonwealth, the Federation recognises His Majesty King Charles III and his successors as Head of State. The Monarch is represented in the Federation by the Governor-General. In relation to the island of Nevis, certain functions of the Governor-General are performed by a Deputy Governor-General, appointed in accordance with the Constitution.

Since the attainment of Independence in 1983, the island of Nevis has been governed locally through the Nevis Island Administration (NIA), which is responsible for the administration of matters assigned to it under the Constitution.
