Section 2: Utilization of Ocean Resources

1. What other uses of the ocean do you think need to be considered?

2. Which uses of the ocean are acceptable or unacceptable to you?

3. What other risks and/or threats are you aware of that impact on the ocean?

Section 3: Status of Governance in St Kitts and Nevis

4. Do you agree there is a need for a National Maritime Policy?

- YES NO

5. If no, what other options are there to address the issues identified?

6. What other regional and national arrangements should be taken into account in the drafting of the National Maritime Policy?

Section 4: Foundation for the National Maritime Policy

7. What do you most value about the ocean?

8. How does your lifestyle benefit from your own use/enjoyment of our ocean?

9. How does your lifestyle benefit from other people's use of our ocean?

10. What changes would you most like to see in terms of the way the marine environment is managed?

11. What changes would you least like to see in terms of the way the marine environment is managed?

Section 5: Defining a Vision for the Future

12. What might the oceans be like in 20 years? In 50 years?

13. What other principles should be applied to future management of the ocean?

Section 6: Scope of the National Maritime Policy

14. What other policy goals would you like to see included?

15. Who should make decisions about the ocean?

26. How should decisions be made?
